Collector of South Kanara, Ref.M.3673-55 dated 26.5.55.

Read the following:
Board's Ref.F.P.VII-C.10438/55 dated 11.5.1955.

The total value of the local development works included in the existing programme in this district is as follows:

	No.of works.	Estimated cost.
Other than R.W.S.	105	9,16,000
R.W.S works.	55	1,75,000
	160	10,91,000

Besides, there are new proposals for 1955-56 costing about Rs.12 lakhs for other than R.W.S. and about Rs.2½ lakhs for R.W.S. works including R.W.S. Works in N.E.S. areas. These new works have not actually been selected for inclusion in the programme, pending orders of Government on the allotment for 1955-56. Even taking into account the value of the works in the existing programme there is justification for the appointment of four additional Junior Engineers as recommended in this office Ref.M1.10234/55 dated 21.4.1955 including the three additional Junior Engineers proposed in this Office Ref.M1.3673/55 dated 10.3.55.

2. Further the conditions in the West Coast districts, especially in South Kanara are quite different from those in other areas in that it is practdally impossible in this district to turn out any material work during the monsoon period of three months from June to August. Touring is also comparatively difficult during rains. These facts submit constitute additional grounds to justify the extra technical staff applied for.

3. I request early orders on the proposals for additional staff submitted in this office Ref.M1.10234/55 dated 21.4.55.

2. In their order second cited Government have abolished the Special Division in the South Kanara District. The circumstances which caused the abolition are not known. As according to the latest proposals the South Kanara District has been allotted Rs.3,10,000 for "Other Works under the Local Development Grant - vide G.O.No. 2002, Public dated 24.6.1955, the Board recommends the sanction of two sub-divisions for South Kanara District for Local Development Works for this year.

~~The proposal for continuing the present staff or sanctioning new posts is separately dealt with and the connected file is being submitted. No action is called for on the Board's reference. May be lodged.~~

The Bd. has separately submitted proposals for the appointment of additional technical & other staff to attend to L.D.Ws in the District. This Deptt. proposed to accept the Bd's proposals in toto, but Govt have agreed to sanction some reduced staff. Orders in circulation are being obtained in that file. Piecemeal proposals for additional staff, which the Board recommends, based on Collectors proposals, are leading to confusion in the matter of sanction of staff. All staff sanctioned so far or proposed to be sanctioned in the main file will lapse on 31-8-55. The continuance of the staff for 1955 civil courts will have to be considered afresh with full details of strength, pay & grade and work in each Dt. This may be done

25.7.55

Put up a paper note explaining the practice followed by Govt in such matters

13/7/55

The proposals in these two references may be asked to be incorporated in the proposals for continuance of staff beyond 31-8-55 and the Board asked to send specific and detailed remarks separately. This may then form U.O. file for action on the continuance of staff are taken up.

2. For attending to L.D. Works and "Local Works" under the N.E.S. in the South Kanara Dt., there is a Special Sub.Division (Highways) consisting of one A.E., two J.Ers with necessary ministerial staff and peons. With a view to maintain the tempo of L.D.Work two additional posts of J.Ers. for this Dt. have been sanctioned. The question whether any further additional technical staff will be required is being examined separately in another file. In the circumstances, no action seems called for on the proposals contained in the c.f. ~~For orders~~ The Board may be informed that the question of additional staff for Dts. will be considered on receipt of the detailed report called for in Memo No 5248 RDP VI/55-1 dated 9.8.55.

I Cant make out anything about the actual position from this note. In the Board's letter a reference has been made to the abolition of the S.K. Division for reasons unknown". Neither those papers have been put up nor that point Commented on. I find a lot of argument about

who should take the paper. I thought it obvious that the section which dealt with the abolition of the division should deal with this file. Let it be done immediately. The file should be put up to me complete in two days.

All staff questions should be dealt with in the same section. There should not be one section dealing with Staff of C.P. and another with L.D. works. As (RDP) may please put up proposals for re-distribution on the above lines.

In view of the fact that the appointment of 2 additional Junior Engineers for L.D. 2. RDP VI

The case deals about sanction of additional technical staff to cope up with the work under the L.D. Works programme in the South Kanara Dt. In his letter Ref. M. 3673-55, dated 26.5.1955, copy of which has been furnished by the Bd. of Revenue (F.P.) at M' on p.1 Cf., the Collector of South Kanara has represented that the staff originally sanctioned for attending to L.D. Work is quite inadequate to attend to the work on hand and that four more Junior Engineers have to be appointed.

2. The Bd. of Revenue (F.P.) has endorsed the views of the Collector of South Kanara and has recommended the creation of two more Special Sub. Divisions (Highways) for this Dt.

'Y' p.1 Cf

3. Incidentally, the Bd. has observed that it is not aware of the circumstances that necessitated the abolition of the Special Division created in G.O. Ms. No. 2237, Public (RDP), dated 17.11.1954.

The following note is submitted in this connection.

Paras 1-2 above. In G.O. Ms. No. 2237, Pub (RDP), dated 17.11.1954, a special Sub-Division (Highways) consisting of one Asst. Engineer, Two Junior Engineers and necessary ministerial staff, has been created in the South Kanara Dt. for attending to L.D.

para 2 pp 11-12 Cf (M)

works. Later on, the Bd. of Revenue (F.P.) had consultations with a select Dt. Collectors and submitted proposals for sanctioning additional Special Sub. Dns. (Highways) in all dts., except the dts. of Chingleput, Tirunelveli, and the Nilgiris and Madras. These were examined at great length and it was decided among others, that the sanction of two posts of J.E.s for the South Kanara Dt. would suffice to cope with the works on hand. Orders to this effect have also been issued in G.O. Ms. No. 2443, Pub., dated 6.8.1955. ~~It will thus be seen that for attending to works whose estimated (cost being double the allotment made by Govt.) value will be about Rs. 6,20,000/-, there are one A.E. and four Junior Engineers. There seems to be no case for sanctioning any further additional staff. For orders whether the Bd. of Rev (F.P.) may be informed accordingly~~

Coal Works exclusively. The amount distributed to Srikakulam Dt. for 55-56 is Rs. 5.10 lakhs., which means that works to the tune of Rs. 15.3 lakhs can be taken up for execution during the year. According to Finance a sub-division can be sanctioned for works valued at Rs. 10.0 lakhs – vide MM in P.8 ante. However, Finance have stated officially that additional staff proposals for the sub-divisions should be examined on the basis of certain criteria laid down by them – vide Finance note on pp 6-9 ante. Based on this, the Collector have already been told that proposals for any additional staff, over and above the existing staff should be submitted to Govt. through the Board with particulars as shown in Memo No 5248 Pub.
